FACULTY

Smiling, kind, and understanding — these are the teachers of MU. Always willing to pile on the homework, give "surprise" quizzes, and seven-page finals. All of this is enough to create a student's aggravation . . . but where would we be without them???!!!

What's on your mind this time, Miller?

Did you hear that, gumdrop?

It's been one of those days!

And then sometimes I walk to class!

TENSION

SPORTS

Every year our guys and girls from grade school to high school take part in the many sports offered. Whether they're the star basketball player or spiker on the volleyball team, each athlete gets support from their fans for the hard work and effort they go through. To them seeing their family and friends out there cheering, it relieves the nervousness, excitement, and "Tension" of competition.
